

Gold Pride

I care for and respect everyone and everything by:

- solving friendship issues using discussion and reflecting on the need for fairness.
- thinking ahead and being willing to give up my own time to help others, without being asked.
- sharing my ideas with the IIP reps or staff about how we might improve our school.

I show good manners by:

- being courteous and helpful to all people at all times whether at home or school.
- listening carefully to other people's opinions trying to understand their views even if I don't agree.
- volunteering to write a 'thank you' card or letter after a trip or a visitor has been in school.

I follow instructions with thought and care by:

- doing as I am asked immediately.
- thinking for myself and ignoring distractions.
- ensuring myself and others are safe online by following age restrictions and regulations.

I am honest because...

- I am completely trustworthy to do anything.
- I 'yell and tell' if I see: bullying, mess, damage, rudeness etc.
- I am trusted to be a member of Priory Parliament, a sporting team, a Leader of Learning (LOL), a lunchtime receptionist or an IIP Rep.

I use Priory Power to achieve by:

- learning at home to go deeper with topics and working on my targets to help me.
- using previous learning to think ahead, make connections and take risks.
- being able to explain what learning looks like and feels like.
- keeping a positive mind-set: "I can or I will do this if I..." "I can learn from this mistake..."
- making an effort, being enthusiastic and determined.
- looking for problems to solve and getting a buzz from it.
- knowing my strengths and areas to work on in each lesson.
- always following the team work rules: listen, discuss, encourage, share, select and decide.
- achieving my Thor and Black Widow superhero badges and as many other badges as I can.
- getting 75% correct on my Mymaths and reading 6x a week.

I show pride...

- in and out of school by being able to speak positively about Priory to visitors, friends and family.
- by always getting myself ready to learn: before, during and after school.
- because I aim for 95% to 100% attendance.
- by using my school planner to make notes in, record important messages and work on my targets.
