Dear Parents,

At Priory Junior School we want to encourage better links between our school and the community by using social media to showcase the learning that happens each day.

Our Priory website, Facebook page, twitter account and class blogs are intended to provide information about activities in and outside of school. Those accessing our social media pages can learn about our curriculum, events in school, use links to help with homework, see children’s achievements and find out valuable information such as school dates or contact information. We have set-up a school YouTube channel as a way to share longer videos of events from school. Only teachers will have access to this channel and post videos.

We post photos or videos with no full names displayed.

Please sign the slip at the bottom to say whether you **do** or **do not** wish us to post any photos or videos of your child on the website, Facebook page, class blog, school YouTube channel, school twitter account or other social media. For children not allowed we will use emojis to cover their faces.

Yours sincerely,

Sue Curson
